Subject: Re: Aerojet Area 40 outreach contacts

Larry,

Thanks for the mail and keeping me in the loop. Though I have been on the periphery for past year and a half, due to pressing personal obligations, I have stayed informed and updated on the current issues with the expansion of Folsom, South of 50 in the Aerojet's Area 40. The proposed space is a major concern and needs to be addressed before any development work commences.

Peter,

Would it be possible to set up a phone call/ meeting sometime next week as I return from abroad this weekend?

Best,
Pratibha
